## Camp Alpha

Camp Alpha is designed for students that have completed grade four, five, six, seven or eight. Our goals are to provide meaningful, hands-on experiences in the space sciences and to foster the natural curiosity and interest that children have in space exploration.

Camp Alpha offers a Day Camp option for those students wanting to return home each night.

The Overnight option allows campers to stay in classrooms at the Morris Area Elementary School. Regardless of what option campers choose, they will be challenged and given a great STEM learning opportunity.

Within each option, the Camp Alpha program offers two challenge choices. The Challenger Division students will work more independently and will be supplied with various model rocket kits. Challenger Division campers will be encouraged to make modifications, design changes, and are expected to have a strong work ethic.

## Pricing

**Scholarship Opportunities  
are Available**

THE KLICK  
FOUNDATION

## Scholarship Opportunities

In partnership with The Klick Foundation of Glenwood, Minnesota, Camp Alpha is pleased to have two fantastic scholarship opportunities for youth participating in the Camp Alpha program.

### **Camp Alpha Scholarships**

This is a need based scholarship to attend Camp Alpha. Fill out the scholarship form on our website and let the Klick Foundation consider helping offset the costs of camp attendance.

### **University Scholarships**

All Camp Alpha participants are eligible to receive university scholarship funding through the Klick Foundation, in partnership with the University of Minnesota College of Science & Engineering. The Klick Foundation scholarship recipients are eligible to receive up to \$28,000 over the course of four years, plus laptop assistance and internship opportunities. Graduate study scholarships are also available for eligible applicants. Depending on available funding, it is the intent of the Klick Foundation that their endowment will support four student simultaneously. For more information or to apply, please visit
